

Toddler's Jigsaw Puzzle App by GiggleUp

Melbourne, Australia - GiggleUp has released Farm Jigsaw Puzzles 123, a jigsaw puzzles app for early childhood learning. A top seller in several countries, Farm Jigsaw Puzzles 123 has been featured in Apple's New & Noteworthy and What's Hot. This fun and educational app was designed to provide an enjoyable learning experience for children aged 1 to 6 years old.

Farm Jigsaw Puzzles 123 features colourful graphics with a kid-friendly interface design perfectly suited for small fingers. This app comes with multiple difficulty levels, ranging from 2 piece puzzles to 16 piece puzzles. As one puzzle is completed, the name of the animal is spelled out and read aloud. Encouraging feedback at the end of every completed scene makes solving puzzles a positive and rewarding experience for children. A great app for learning simple words, it will also help your child to excel in the following areas: problem solving, logical and cognitive skills, concentration, memory, and linguistic skills.

All recorded by native speakers, Farm Jigsaw Puzzles 123 comes available in English, Norwegian, Danish, Dutch, French, German, Italian, Japanese, Korean, Portuguese, Russian, Simplified Chinese, Spanish, Swedish and Traditional Chinese.

Available for download on: App Store, Google Play and Amazon Appstore

ABOUT GIGGLEUP

We are a team of designers and developers motivated by the same passion to create quality apps that can be enjoyed by kids and contribute to their learning. Our apps have received awards and recognition from various groups - among them are The Parents' Choice Foundation, Children's Technology Review, The New York Times and The Guardian. Some major areas of early childhood development our apps target include spatial reasoning, problem solving, first words, number literacy, preschool science, and more. All our apps comes fully available in multiple languages. Our voice recordings are produced in-house and are performed by native speakers of the chosen language to ensure the highest quality and accuracy is achieved. We reside in the beautiful city of Melbourne, Australia, where our days are spent working away on the next new app, or enjoying a good cup of coffee.
