

## **Ocean Jigsaw Puzzle iPhone/iPad app for Kids, by GiggleUp**

Melbourne, Australia - GiggleUp today announced the release of Ocean Jigsaw Puzzle 123, the all new jigsaw puzzles app for young children. Ocean Jigsaw Puzzles 123 is a sequel to the best selling Farm Jigsaw Puzzles 123, which has received rave reviews and featured in Apple's New & Noteworthy and What's Hot.

In this educational game, kids can be kept busy with this delightful app for quite some time. It is great for families with varying ages of kids, as this app can be customized with different difficulty levels (the puzzles range from 2 pieces (ideal for toddlers) to 16 pieces). "We have built this educational app with the aim of introducing jigsaw puzzles for young learners in a fun and interesting way." said Haydn.

It is also a very fun way for young children to develop logical thinking and to learn sight words. Ocean Jigsaw Puzzles 123 for the iPad includes 50 Ocean animals in 7 different sceneries, all in brilliant and colorful graphics.

Additional features includes:

- \* Easy to use interface specifically designed for young children.
- \* Light and cheerful music.
- \* Interactive animation for even more fun.
- \* A hint on/off feature to provide optional assistance.

Available for download on: App Store, Google Play and Amazon Appstore

### **ABOUT GIGGLEUP**

We are a team of designers and developers motivated by the same passion to create quality apps that can be enjoyed by kids and contribute to their learning. Our apps have received awards and recognition from various groups - among them are The Parents' Choice Foundation, Children's Technology Review, The New York Times and The Guardian. Some major areas of early childhood development our apps target include spatial reasoning, problem solving, first

words, number literacy, preschool science, and more. All our apps comes fully available in multiple languages. Our voice recordings are produced in-house and are performed by native speakers of the chosen language to ensure the highest quality and accuracy is achieved. We reside in the beautiful city of Melbourne, Australia, where our days are spent working away on the next new app, or enjoying a good cup of coffee.
