

Glamour Girl Comes Alive in New App

Melbourne, Australia - Makers of children's apps, GiggleUp, has collaborated with kids book publishing company, Hinkler Books, to create the all new creative app for aspiring fashion designers. Create and style entire outfits fit for the cover of Glamour Girl magazine. Have you got a knack for colors, patterns and shapes? Showcase your creativity and bring those designs to life with Glamour Girl - T-shirt Designer.

Choose from different cuts, colors and patterns and explore with prints and other accessories to create your dream design. Now made easy with simple multi-touch gestures, you can move, rotate and adjust everything exactly to your liking.

Love your creation? You won't need to say goodbye to it. Every piece you create is a new addition to your wardrobe. Add the finishing touch with beauty accessories and you're ready for the photoshoot. Choose from beautiful backgrounds, or use your device's camera to take your own. Capture the perfect pose and *voila!*

Bursting with content and fun tools, Glamour Girl - T-shirt Designer is your backstage access to the fashion world.

Available in English, Norwegian, Danish, Dutch, French, German, Italian, Japanese, Korean, Portuguese, Russian, Simplified Chinese, Spanish, Swedish, and Traditional Chinese.

Available for download on: App Store, Google Play and Amazon Appstore

ABOUT GIGGLEUP

We are a team of designers and developers motivated by the same passion to create quality apps that can be enjoyed by kids and contribute to their learning. Our apps have received awards and recognition from various groups among them are The Parents' Choice Foundation, Children's Technology Review, The New York Times and The Guardian. Some major areas of early childhood development our apps target include spatial reasoning, problem solving, first words, number literacy, preschool science, and more. All our apps comes fully available in multiple languages. Our voice recordings are produced inhouse and are performed by native

speakers of the chosen language to ensure the highest quality and accuracy is achieved. We reside in the beautiful city of Melbourne, Australia, where our days are spent working away on the next new app, or enjoying a good cup of coffee.
